

HARVESTING BAG

Excellent for gathering fruit and vegetables

Fruit picking made easy with planto's ultra-light harvesting bag with handles and a comfortable shoulder strap. The highlight of this picker bag is the permeable mesh material. Dirt trickles out by itself and the harvested fruit can also be rinsed off directly.

Even harvesting potatoes is fun with this harvester. The harvest bag can be carried in three ways: by the handles, with the adjustable strap over the shoulder or around the waist.

- » Harvesting bag with shoulder strap
- » Leaves both hands free for picking
- » Lightweight yet stable
- » 3 different carrying options
- » Durable mesh
- » Rinse fruit directly in the picker bag
- » Dimensions 40 x 24 cm
- » Tested for harmful substances
- » Art.-N. 90208
